

Adam Solus

“And Elohim created (את־הא־דָם) Ath Ha-Dam (the blood) in his own image, the image of Elohim created with him; male and female created he them.”

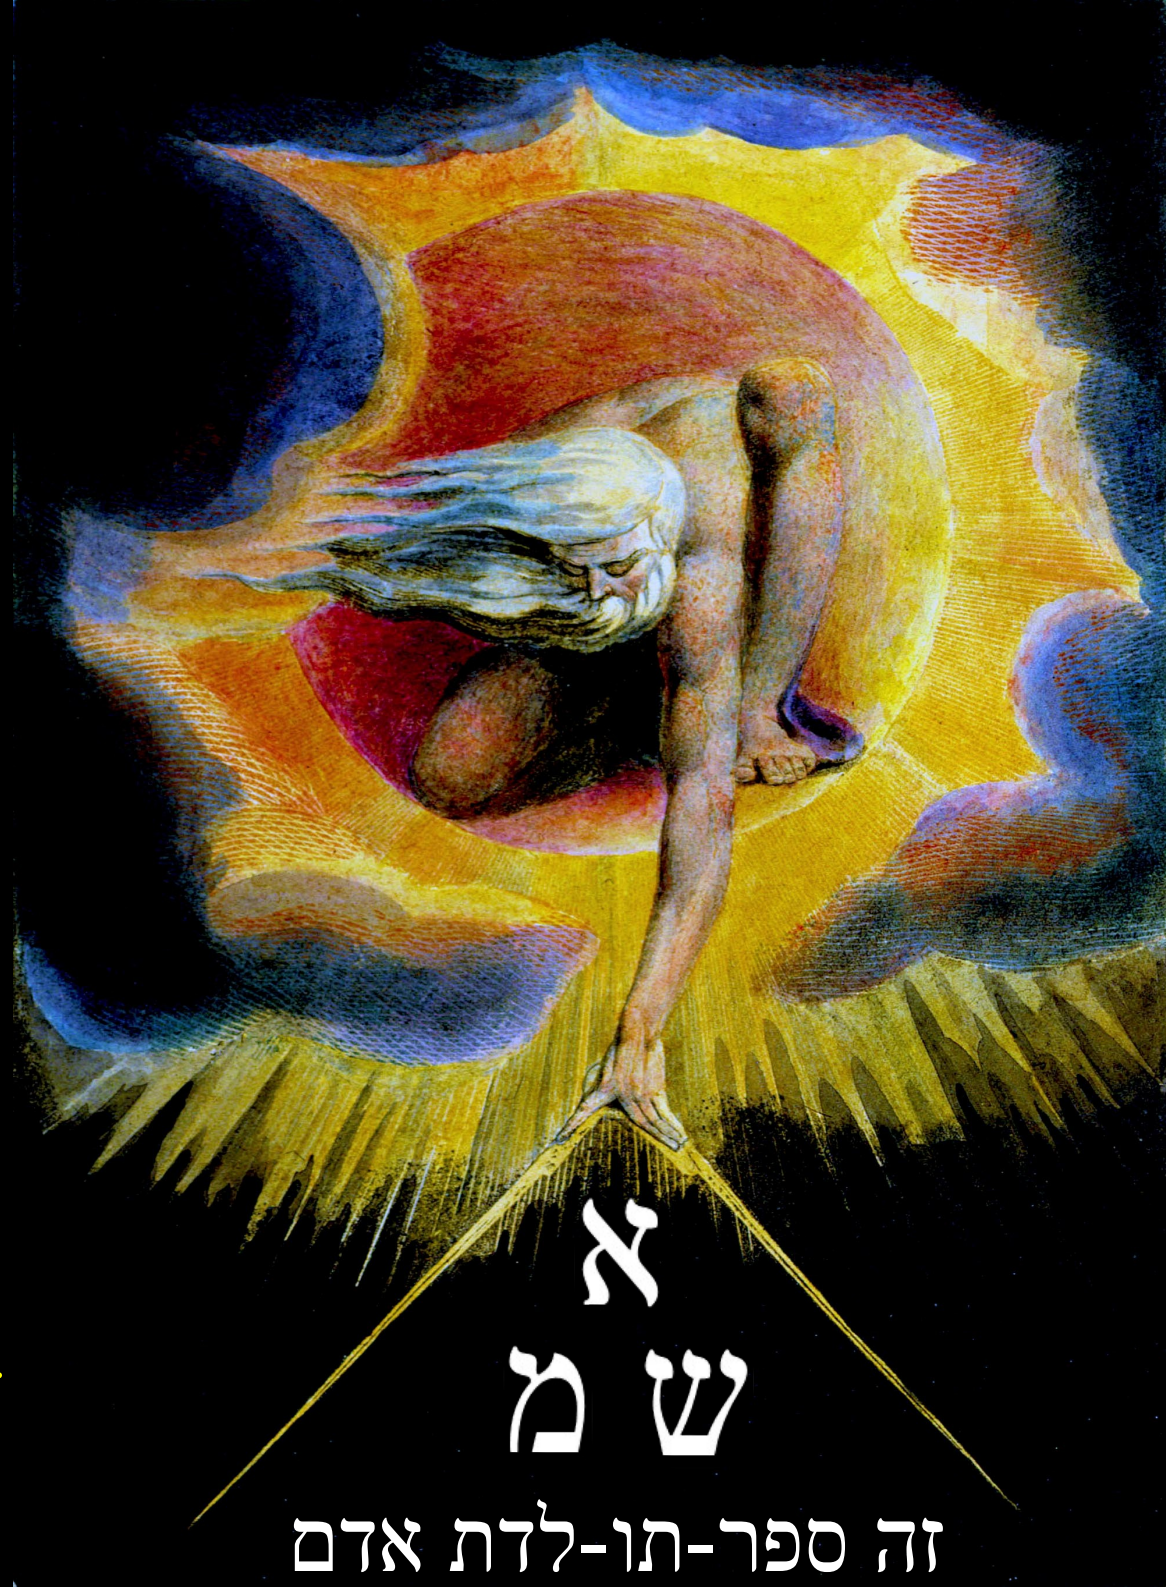

- Genesis 1: 27

This is the (ספר) Sepher, the (ספרות) Sephiroth) לדת religion of Adam. In the day that Elohim created Adam, in the likeness of Elohim made he (האדם) the man; Male and female created he them; and blessed them, and called their name Adam, in the day when they were created.

And Adam lived an hundred and thirty years, and begat a son in his own likeness, after his image; and called his name שֵׁת Seth.

And the days of Adam after he had begotten Seth were eight hundred years: and he begat sons and daughters:

And all the days that Adam lived were nine hundred and thirty years: and he died. And Seth lived an hundred and five years, and begat אֵנוֹשׁ Enosh.” - Genesis 5: 1-6

אלהים Elohim

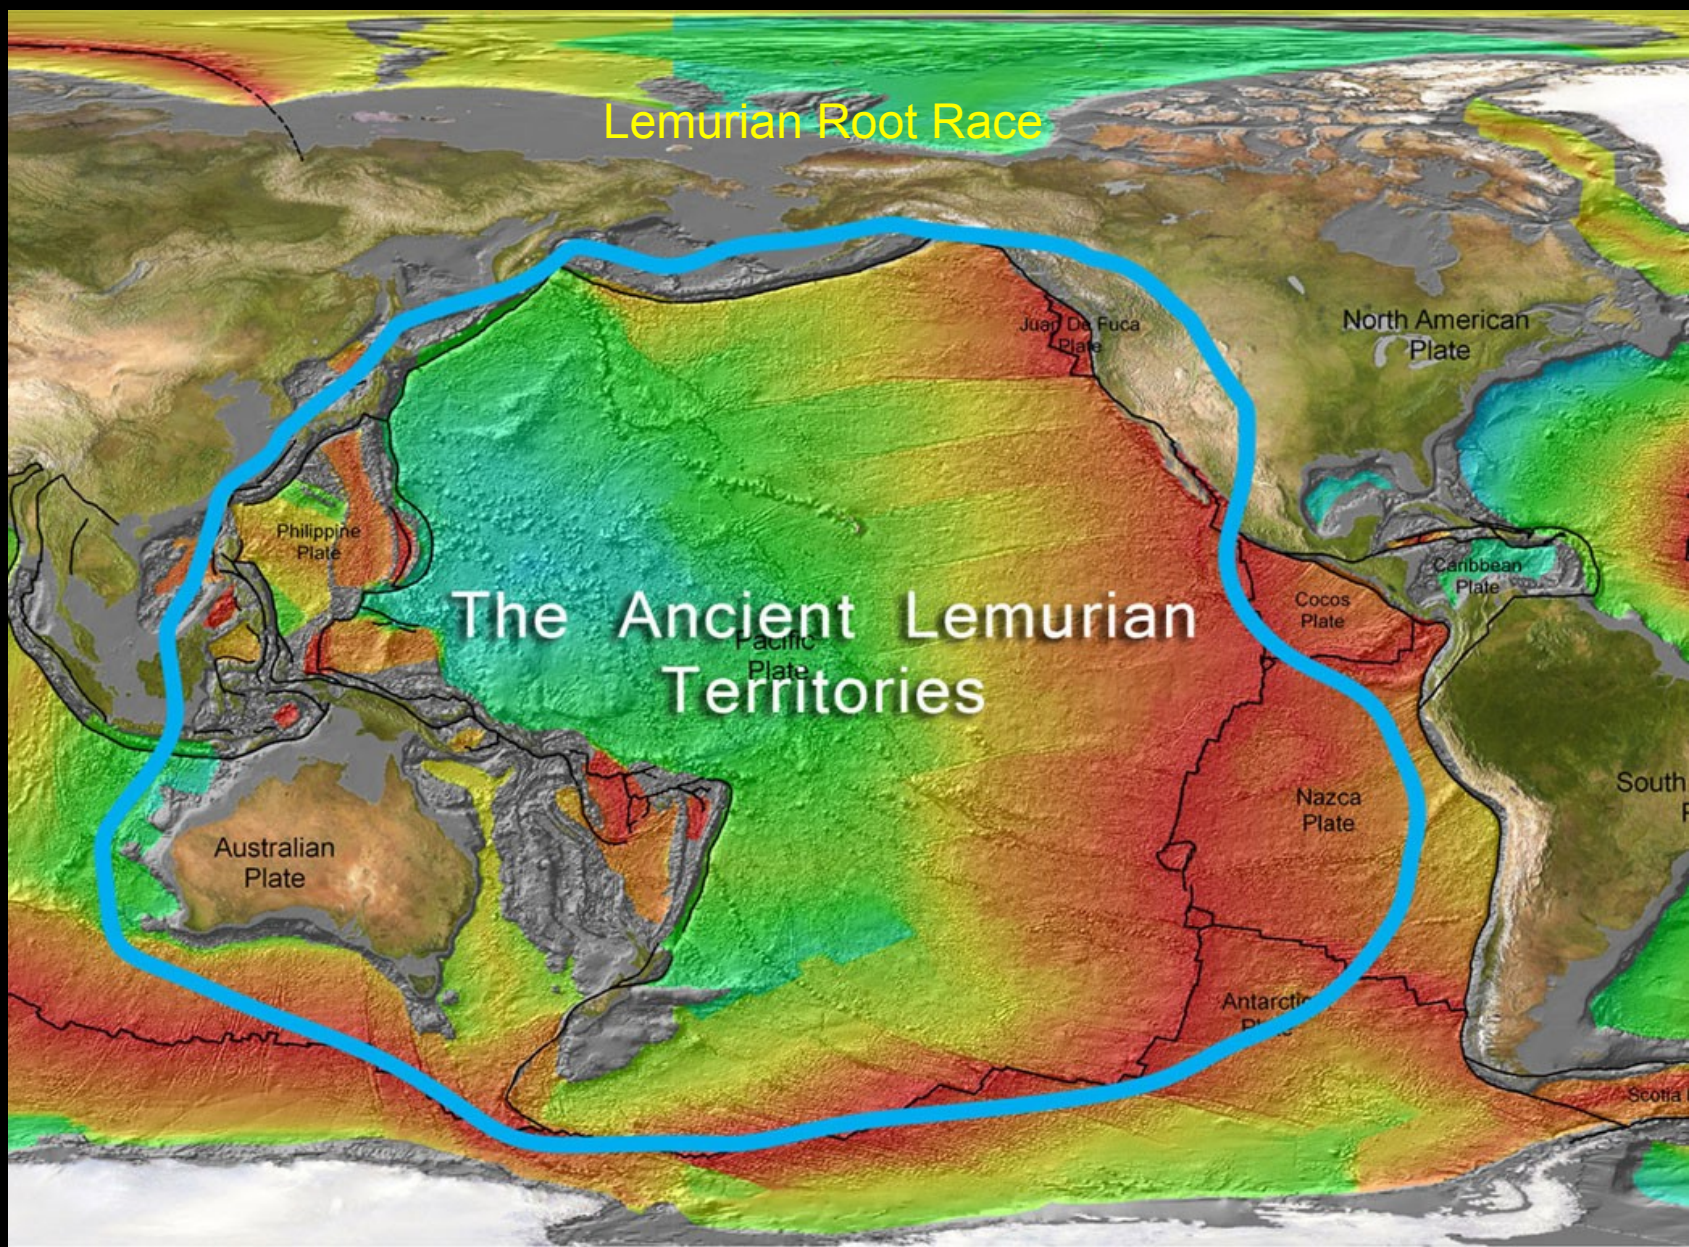

The Elohim (or Holy Gods and Goddesses) brought forth Adam from themselves (by modification) in their likeness of Elohim (the collective Deity) created they Adam, male and female created they them (the collective humanity or Adam).

“The Protoplasmic root race from the Sacred Island (located in the Septentrion) was truly their first production. It was a tremendous transformation of themselves (the Elohim), through themselves. These productions were purely spiritual existences.

“Behold here the Adam Solus. From this primeval Polar root race, the second root race arose: the Adam-Eve or Iod-Heva, the Hyperborean people, the inactive androgynes.”

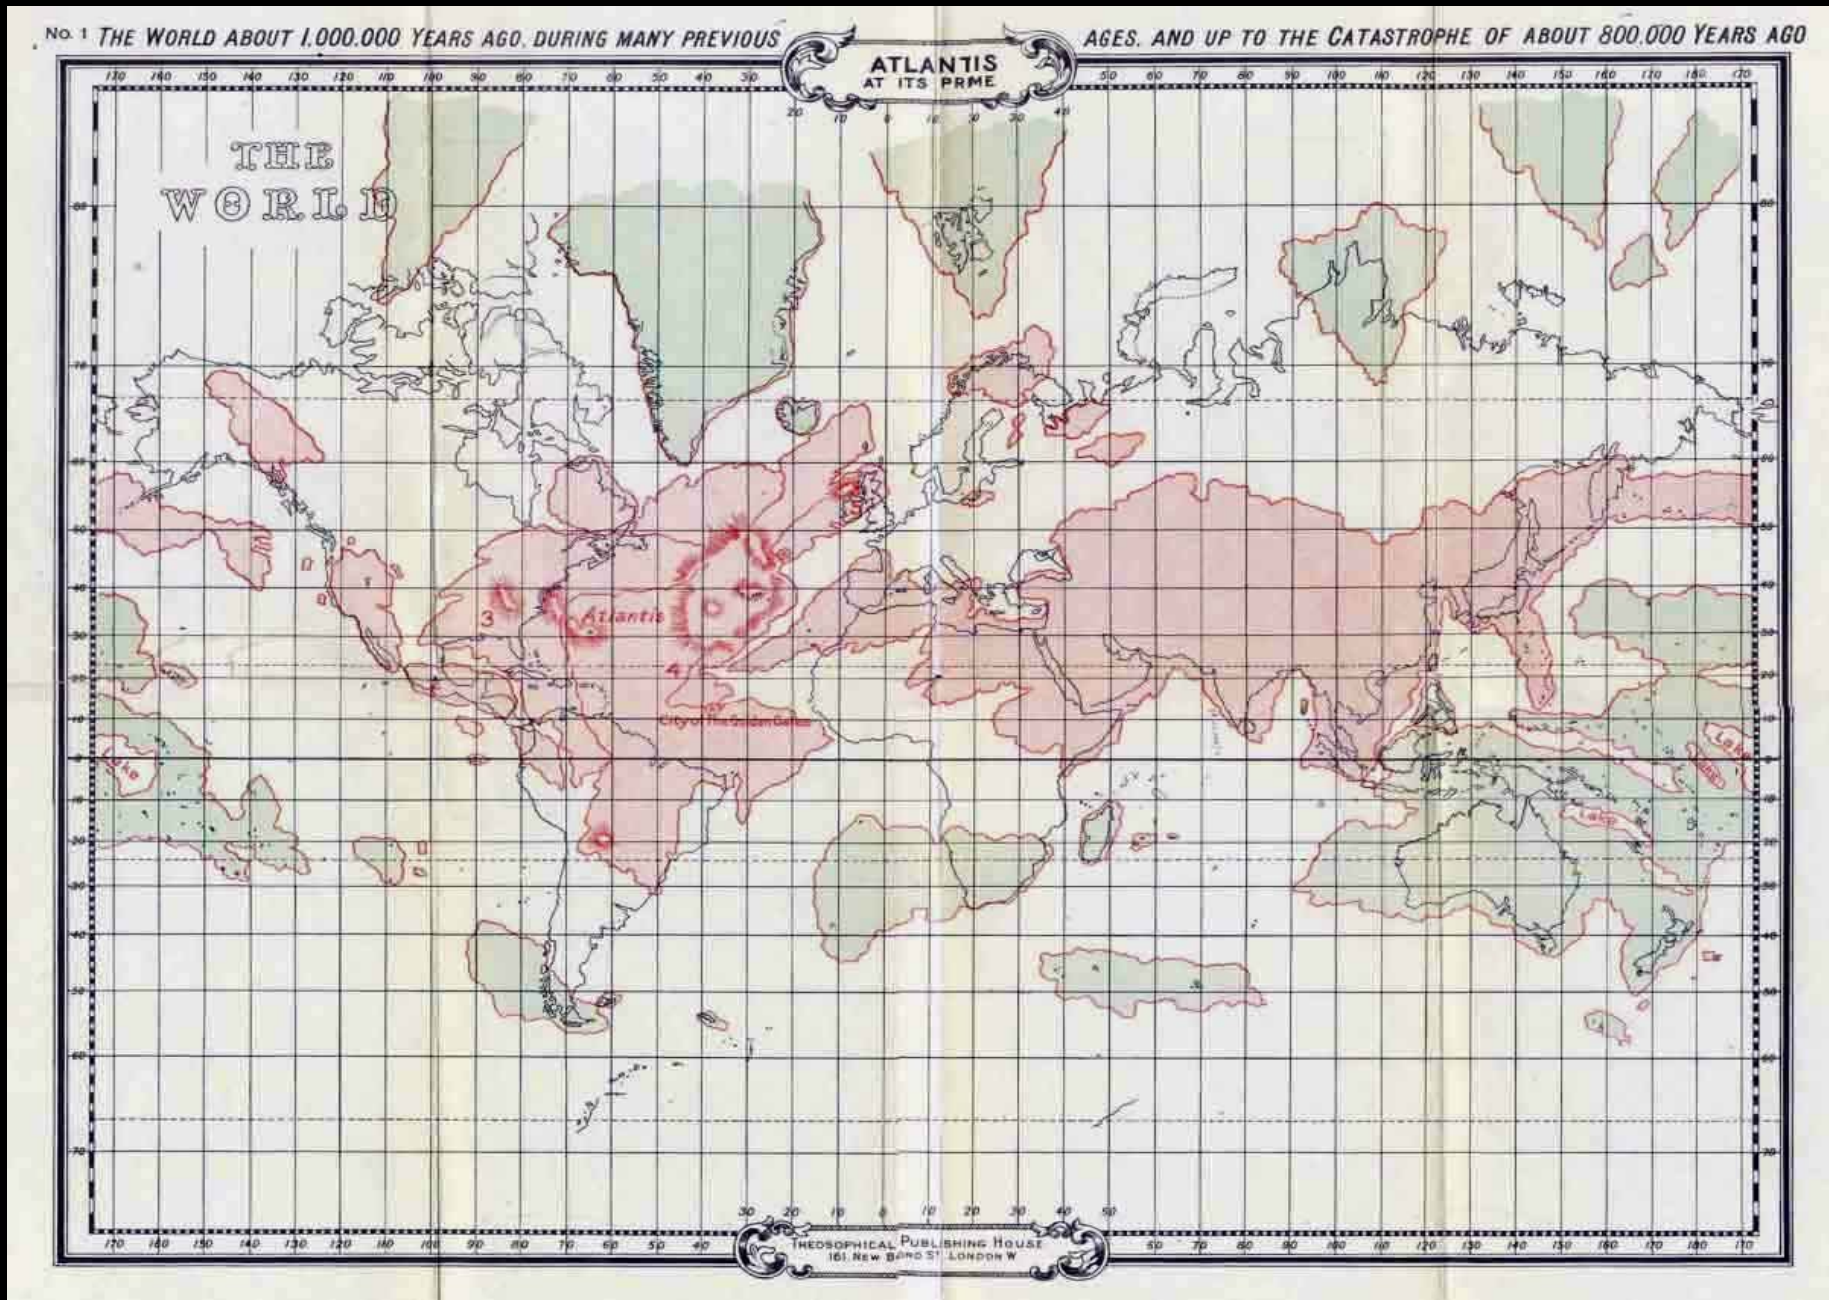

“The third root race, the Lemurian people, arose (always by modification) from the Hyperborean.

This race was the separating hermaphrodite Cain and Abel, which lived upon the gigantic continent of Mu, or Lemuria as it was later called, that was situated in the Pacific Ocean.

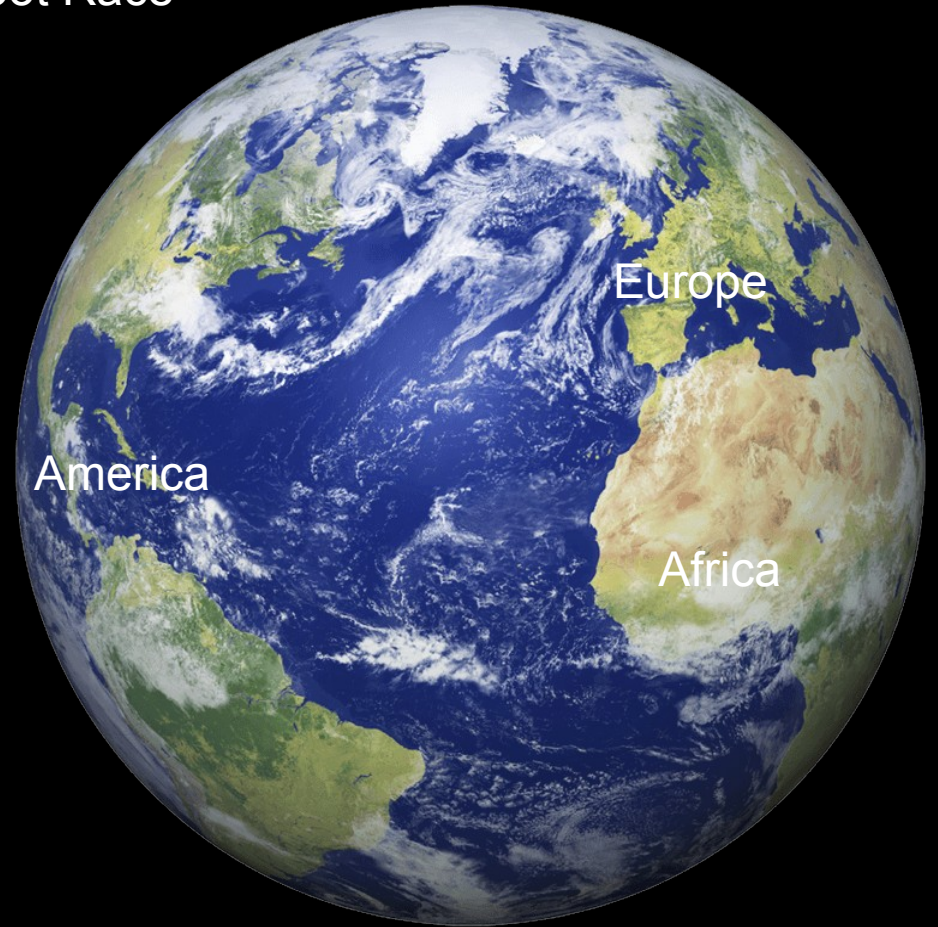

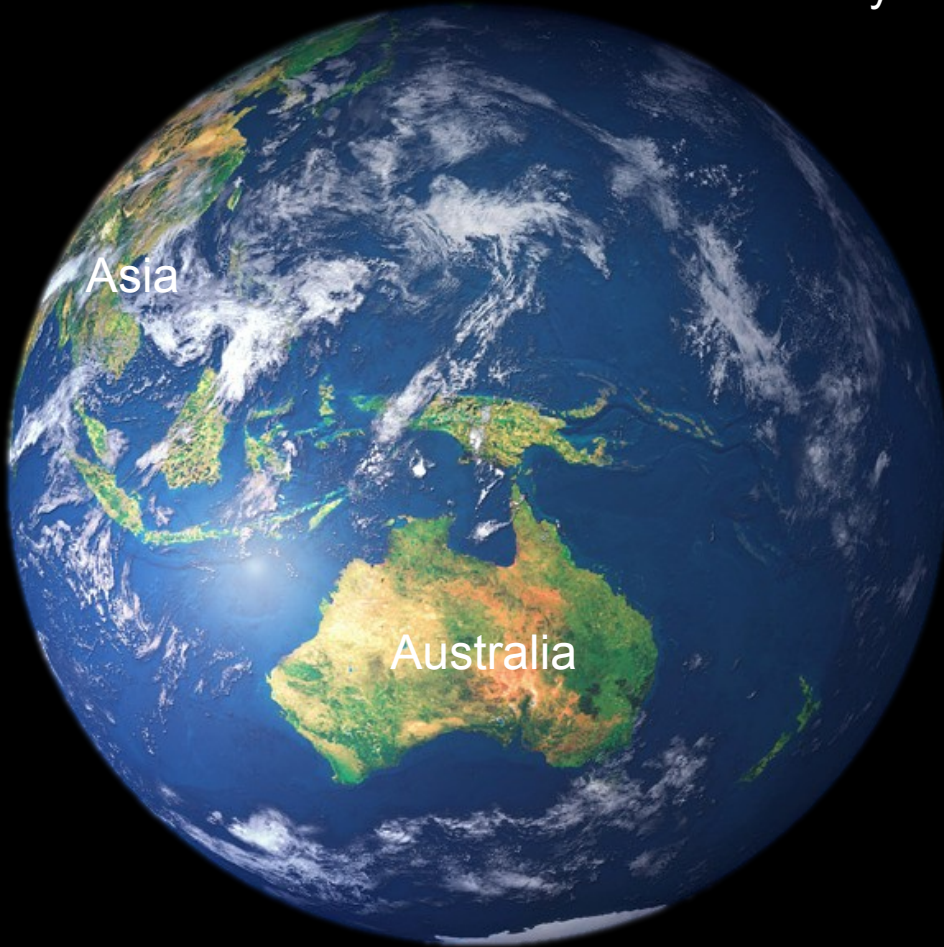

“This third root race was the last semi-spiritual one. As well, it was the final vehicle of the pure, virginal, unbegotten, instinctive, and innate esotericism of the Enochs, or the illuminated ones from that humanity.

Atlantean Root Race

The separating hermaphrodite Cain and Abel produced the fourth root race of Seth-Enosh, which lived on the continent of Atlantis, situated in the Atlantic Ocean.

Aryan Root Race

“Our present Aryan root race, which perversely dwells upon the five continents of the world, arose from the Atlantean people.

Each one of the four preceding root races perished by gigantic cataclysms, and our fifth root race will not be an exception.” - **Samael Aun Weor**

הבל HaBel

קין Kain

“From other words in scripture we infer that a quarrel arose between Cain and Abel respecting Abel's twin sister, which is further confirmed by the traditional rendering of the words, 'And she bare again with her brother Abel,' (Genesis 4: 2) showing that Abel was born with a twin sister.” - Zohar

“The Sethians worshiped the Great Light, they said that the light emanations of the divine substance of the Sun (הבל HaBel) form a nest (קין Kain) in us and that this constitutes the Serpent.” - Krumm Heller (Huiracocha)

“It is obvious that the Luciferic fire is, let us say, something divine, it is cataloged as if it were an archangel. It is clear that this is from the allegorical point of view, because the Luciferian fire is detached from the halo of the Sun and is fixed on Earth by the force of gravity and the weight of the atmosphere. Lucifer is the Azoe and the magnesia of the old alchemists; it is the flying dragon of Medea, the INRI of the Christians, the Tarot of the Bohemians; it is an extraordinary, wonderful fire; without this solar fire it would be impossible, truly impossible, to perform the work in the forge of the Cyclopes.

Reflect on this, my esteemed brothers and sisters: the connection of the lingam-yoni could not be performed without this Luciferic phósforus. Thus, taking this principle as a basis, it is obvious that the work in the Ninth Sphere would be something more than impossible without the Luciferine agent.

Fire, in itself, is not good or evil; everything depends on the use we make of it. If it is used for good, it is good, and if it is used for evil, it is evil. It is like electricity. As you know, electricity serves, for example, to light houses, for industry, etc., yet in the United States it is used for the electric chair, to kill. Then it has dual use: it is good or it is bad; it depends on the use that people make of it. Likewise is the Luciferian fire, my esteemed brothers and sisters.

Lucifer, in itself, is the guardian of the temple, which only allows passage to those who are anointed by wisdom, who know the secret of Hermes, who carry in their right hand the Gnostic lamp. Only those, indeed, have the right to enter into the sanctuary...

“Lucifer is, therefore, the foundation of the Inner Self-Realization of the Being. Without fire, my dear brothers and sisters, it is impossible to work in alchemy.” - Samael Aun Weor

Who could, for example, transmute the lead into gold without the Luciferian agent? Could the crucible, by itself, do the work? Under the crucible must be the flaming fire; Without fire, Self-realization is not possible.

The Solar Logos, wanting to help us, in the dawn of the maha - manvantara emanated his own reflection: a powerful archangel who became Lord of the Seven Mansions; I speak in an allegorical sense, I do not mean an individual, I am addressing the fire (INRI)..

It is with that fire, truly, how we can transmute the lead into gold, as we can become something different, become terribly divine gods.

Prometheus-Lucifer is the same Maha-asura of the Hindus, is the fire that descended from the Sun in order to be crucified in our world. The terrible vultures of rationalization gnaw at his entrails and the flames of human passions burn him terribly ...

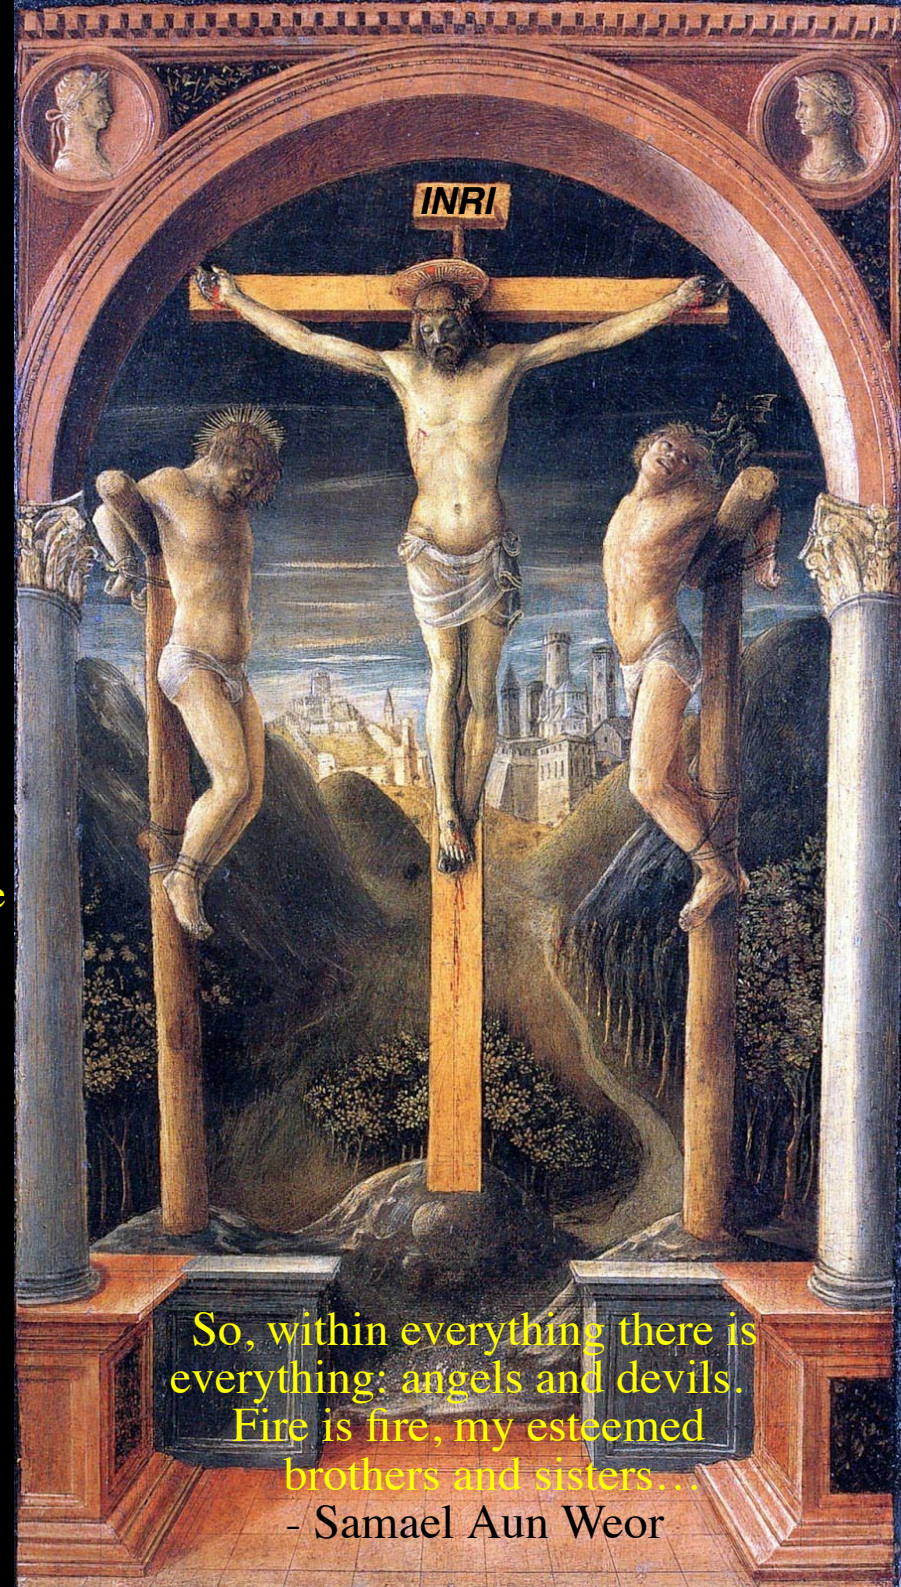

The Logos, wanting to manifest itself in each world, in each planet, emanated from itself its shadow, its minister, its Luciferic fire.

From that point of view, I can tell you that the throne of Lucifer is the footstool of the Lord, and that the superior semblance of Lucifer is the face of the Solar Logos. "Demonius est Deus Inversus," in other words, as the ancients said, "The Devil is God in reverse" ...

I think that with this you are already understanding, my estimable brothers and sisters, what the Luciferic Fire is: Prometheus chained to nothing less than the hard rock of sex, Prometheus (on the Cross) suffering for humanity.

Within this great fire that we can call "Lucifer", there are angels and there are devils, columns of gods and demons. Let us remember the Agnishvattas, for example, the lords of the flame, who live on the positive (right) side of the Luciferian, divine force (of the Cross).

And it is not irrelevant either to remember the tenebrous Luciferians, the dismal and horrible Hasnamussen-Lucifers, the failures of the ancient Earth-Moon (on the negative or left side of the Cross).

So, within everything there is everything: angels and devils.
Fire is fire, my esteemed brothers and sisters...

- Samael Aun Weor

The Hymn of Aphrodite 1

Aphrodite Ἀφροδίτη from *aphrós* (ἀφρός)
"sea-foam" and *οδίτη* *odítē* "wanderer"
or *δίτη* *dítē* "bright"

I AM the dawn, daughter of heaven and of the deep: the sea-mist covers my beauty with a veil of tremulous light.

I am Aphrodite, the sister of Phoibos, opener of heaven's gates, the beginning of wisdom, the herald of the perfect day.

Long had darkness covered the deep: the soul of all things slumbered: the valleys were filled with shadows: only the mountains and the stars held commune together.

There was no light on the ways of the earth: the rolling world moved outward on her axe: gloom and mystery shrouded the faces of the Gods.

Then from out the deep I arose, dispeller of night: the firmament of heaven kindled with joy beholding me.

The secrets of the waters were revealed: the eyes of Zeus looked down into the heart thereof.

Ruddy as wine were the depths: the raiment of earth was transfigured; as one arising from the dead She arose, full of favour and grace....

“There exist various types of women; let us know them:

The first, Eve-Venus, is the animalistic, instinctual, and brutish female.

The second, Venus-Eve, is the very human female, who loves when she finds a sexually passionate male who knows how to love her.

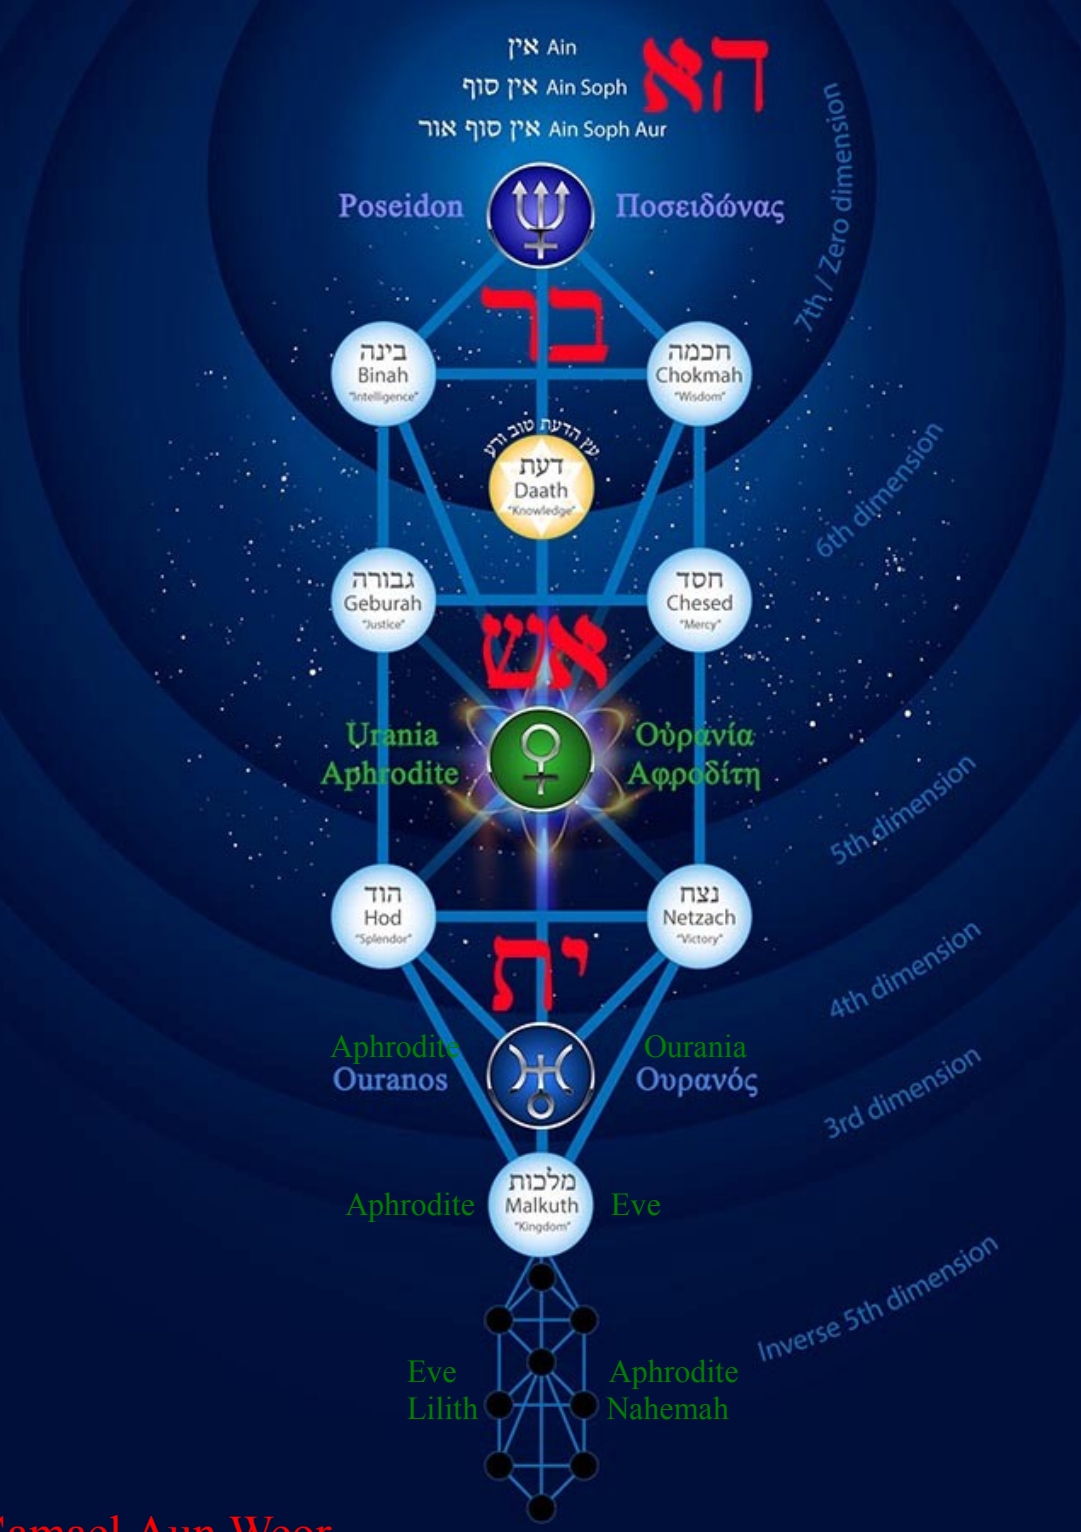

The third, Venus-Urania, is the very human, conscious woman filled with the deepest of both spiritual and human feelings.

The fourth, Urania-Venus, is the Mother of the Son of Man, the Virgins of Nirvana. This is the woman clothed with the sun and the moon under her feet. This woman is crowned with twelve stars, which are the symbol of the seven churches and the five senses, in other words, the twelve faculties.

Only the woman can establish justice upon the face of the Earth, because she has the power to awake the flaming fire within the man (and vice versa). The clue is found in the Arcanum A.Z.F.

The woman is the one who delivers the sword to man. She is the Urania-Venus with the sword in her hand.

She is before the Cosmic Scale in the Eighth Arcanum. She is the mother of the Son of Man.” - Samael Aun Weor

“Sexual Magic forms part of the teachings that Christ taught in secrecy to his seventy disciples...”

“The trident symbolizes the triple set of forces of the Transformation Atoms of the mind.

The Mental Body is not the “I.” The Mental Body is only an instrument of the “I.” Thus, to pretend to be enslaved by this material instrument is the breaking point of stubbornness.

The mind of the intuitive one is an ineffable chalice filled with beauty.

The mind of the intuitive one is the chalice of the Holy Grail saturated with the blood of the Martyr of Golgotha.

The mind of the intuitive one is the sacred cup of Pleroma, the sacred cup of Samadhi, the liquor of the Gods. It is the Soma, drunk by the Lords of the Mind. It is the liquor of love, the Buddhist liquor, which is the wine of light already transmuted within the igneous vessel of the beautiful Helen. It is the cup of the immortal Gods!”

- Samael Aun Weor

“For I am not ashamed of the gospel of Christ for it is the power of God unto salvation to every one that is entrusted (with power); to the Jew first, and also to the Hellenic.”

- Romans 1: 16
