Sicilian Muses, let us take a loftier tone.

Orchards and humble tamarisks don't give delight to all, and if we sing of woods, they should be worthy of a consul.

Now comes the last age of the Cumaean song; the great order of the ages arises anew.

Now the Virgin returns, and Saturn's reign returns; now a new generation is sent down from high heaven.

Only, chaste Lucina, favor the child at his birth, by whom, first of all, the iron age will end and a golden race arise in all the world; now your Apollo reigns.

- Virgil

Apollo is Helios (the Sun).
Phoebus-Apollo ("the light of life and of the World")
who arises out of the golden-winged cup (the sun);
hence he is the sun-god par excellence.

At the moment of his birth he asks for his bow to kill Python,
the Demon Dragon, who attacked his mother before his birth,
and whom he is divinely commissioned to destroy —
like Karttikeya, who is born for the purpose of killing Taraka,
the too holy and wise demon.

Apollo is born on a sidereal island called Asteria —
"the golden star island," the "earth which floats in the air,"
which is the Hindu golden Hiranyapura; "he is called the pure, ἀγνόῃς, Agnus Dei (the Indian
Agni...), and in the primal myth he is exempt "from all sensual love" ("Book of God," p. 88).
He is, therefore, a Kumâra, like Karttikeya, and as Indra was in his earlier life and biographies.
Python, moreover, the "red Dragon," connects Apollo with Michael, who fights the Apocalyptic
Dragon, who wants to attack the woman in child-birth (See Revelation 12), as Python attacks
Apollo's mother. Can any one fail to see the identity?

ἌΠΟΛΛΩΝ

For the way to understand the Bible lies through Hermes, Bel, and Homer, as the way to these is
through the Hindu and Chaldean religious symbols. - *The Secret Doctrine by Madame Blavatsky*

The bottomless pit is the unfathomable abyss or chaos that is difficult or impossible to intellectually comprehend. There are three bottomless pits or unfathomable abysses or Chaos:

Daath: the primeval Macrocosmic Chaos of the creative sexual force of the Word out of which - Kabbalistically – is explained how the universe is formed.

Yesod: The venerable Microcosmic Chaos of sex out of which - Kabbalistically – is explained how the human being is formed. As above so below

Klipoth: The inferior (Latin Infernus) Chaos where the devolving Egos dwell; hell. The subjective reasoning within the intellectual animal relates to this type of chaos where only disorder reigns. Obviously, the chaotic disorder of the subjective reasoning within this humanity is what creates the common and ordinary Karma.

The "key of the bottomless pit" represents the Great Arcanum (Yesod) that unlooses the mystery of the Abyss (Klipoth) and of the Tree of Knowledge (Daath) that was locked by the original sin. The Great Arcanum grants us the conscious comprehension of these three types of abysses.

In the times of Abraham the prophet, the [Spiritual Absolute] Sun acquired a beautiful harvest of solar men.

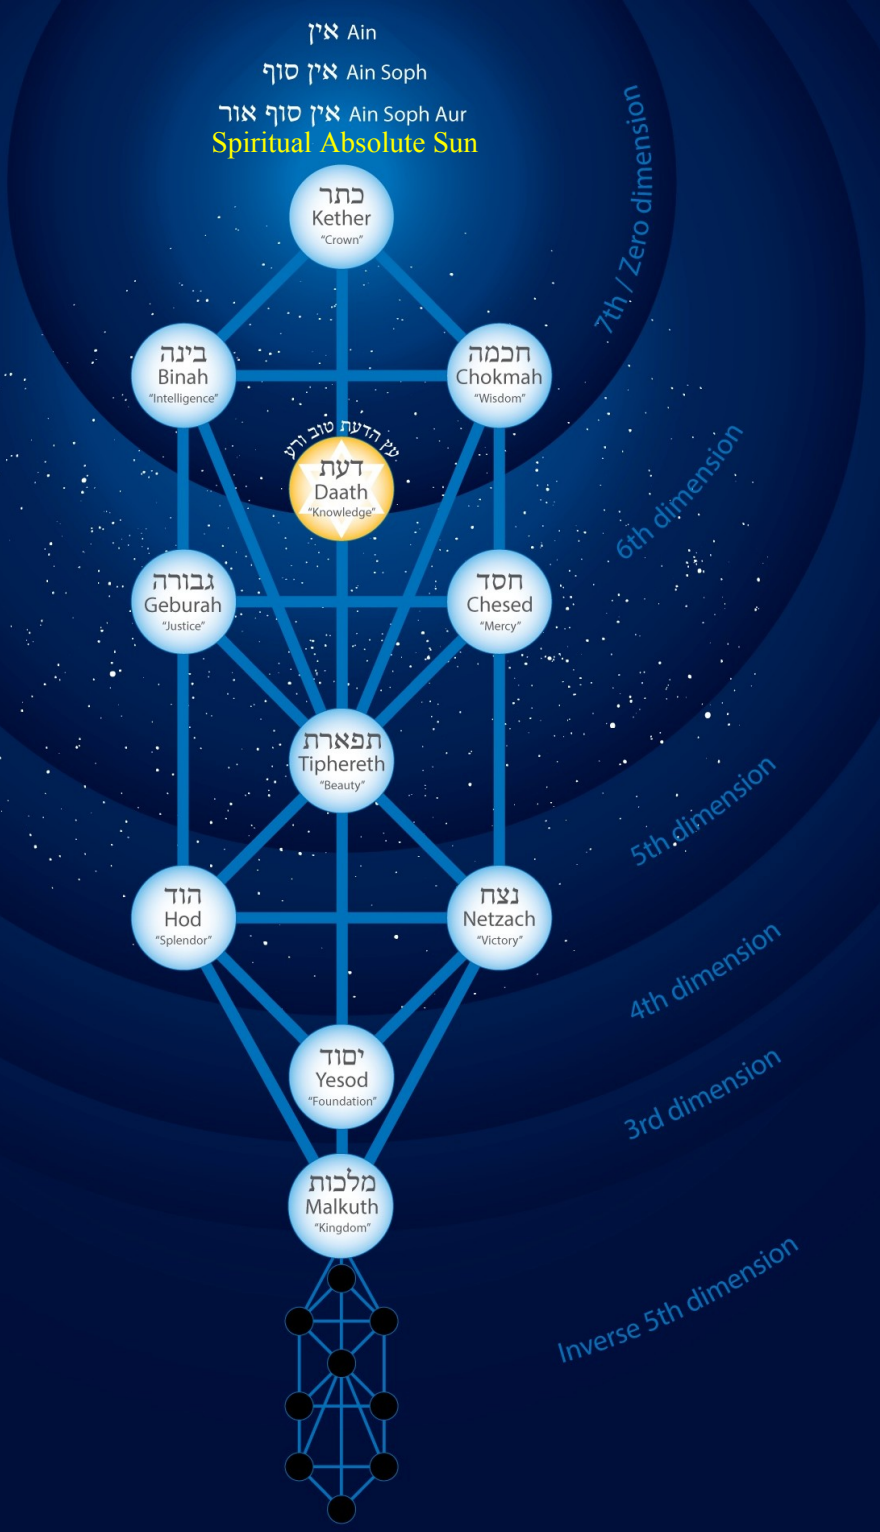

During the first eight centuries of Christianity, another small harvest was reaped. In the Middle Ages, a few more. Presently, the [Spiritual Absolute] Sun is performing the last effort; it has been working its last effort. Because the perverse humanity

of this present century has become an enemy of the solar ideas, this humanity is terribly materialistic, mechanical and one hundred percent lunar. This is why the [Spiritual Absolute] Sun is now making a last effort; it is trying to get a small harvest of solar men. Later, once the harvest is ready, the [Spiritual Absolute] Sun will destroy this root race because it is no longer useful for its experiment.

What is this race useful for? There is already no reason for the existence of this race. It is not useful for the solar experiment.

This humanity is made up of people that have no interest in the solar ideas. This root race thinks only of their bank accounts, of new cars, of the actors and actresses in Hollywood. These are people who only want passionate, sexual pleasures, drugs, etc.

Obviously, this humanity is not useful for the solar experiment. People like these have to be destroyed and this is what the [Spiritual Absolute] Sun is going to do. The [Spiritual Absolute] Sun will destroy these people and will create a new root race in new continents that will emerge from the bottom of the ocean. - Samael Aun Weor

Spiritual Absolute Sun

The advent of Apollo's solar fire transforms us radically, it is "The chaos of the ancient, the Zoroastrian sacred fire, or the Atash-Bهران of the Parsees; the Hermes-fire, the Helmes-fire of ancient Germans; the lightning of Cybele; the burning torch of Apollo; the flame of the altar of Pan, the inextinguishable fire in the temple on the Acropolis, and in that of Vesta; the fire-flame of Pluto's helm, the brilliant sparks on the hats of the Dioscuri, on the Gorgon head, the helm of Pallas, and on the Caduceus of Mercury.

The Egyptian Ptah-Ra, the Grecian Zeus Cataibates (descending from Heaven to Earth according to Pausanias); the Pentecostal fire-tongues; the burning bush of Moses; the pillar of fire in the Exodus, and the burning lamp of Abraham. The eternal fire of the bottomless pit, the Delphic oracular vapors, the sidereal light of the Rosicrucian-Gnostics, the Akasha of the Hindu adepts, the Astral Light of Eliphas Levi, the nerve-aura and the fluid of the magnetists, the Od of Reichembach, the Psychod and the ectenic force of Thury, the psychic force of Sergeant Cox, and the atmospheric magnetism of some naturalists; Galvanism, and finally, electricity.

All these are but various names for many different manifestations or effects of the same mysterious, all-pervading cause, the Greek Archeus." - **Isis Unveiled**

Behold, he [the Sun, Apollo Ἀπόλλω] comes with clouds; and every eye shall see him, and they also which pierced him: and all kindreds of the earth shall wail because of him. Even so, Amen.

I am Alpha and Omega [the Sun, Apollo Ἀπόλλω], the beginning [sunrise] and the ending [sunset], says the Lord, which is, and which was, and which is to come, the Almighty... his eyes were as a flame of fire; and his feet like unto fine brass, as if they burned in a furnace; and his voice as the sound of many waters. And he had in his right hand seven stars: and out of his mouth went a sharp two-edged sword: and his countenance was as the sun shining in his strength.

I am Alpha and Omega [the Sun, Apollo Ἀπόλλω], the first and the last [shakti potential]: and, What you see, write in a book, and send it unto the seven churches which are in Assiah [the world of matter]. - **Revelation 1**

Of the souls of the disciples and their incarnation

“For this cause have I chosen you verily from the beginning through the First Mystery. Rejoice then and exult, for when I set out for the world, I brought from the beginning with me twelve powers, as I have told you from the beginning, which I have taken from the twelve saviors of the Treasury of the Light, according to the command of the First Mystery. These then I cast into the womb of your [divine] mothers, when I came into the world, that is those which are in your bodies today. For these powers have been given unto you before the whole world, because ye are they who will save the whole world, and that ye may be able to endure the threat of the rulers of the world and the pains of the world and its dangers and all its persecutions, which the rulers of the height will bring upon you. For many times have I said unto you that I have brought the power in you out of the twelve saviors who are in the Treasury of the Light. For which cause I have said unto you indeed from the beginning that ye are not of the world. I also am not of it. For all men who are in the world have gotten their souls out of [the power of] the rulers of the aeons. But the power which is in you is from me; your souls belong to the height. I have brought twelve powers of the twelve saviors of the Treasury of the Light, taking them out of the portion of my power which I did first receive. And when I had set forth for the world, I came into the midst of the rulers of the sphere and had the form of Gabriel the angel of the aeons; and the rulers of the aeons did not know me, but they thought that I was the angel Gabriel [better said: Geburah-El].”
