

THE ALCHEMICAL SYNTHESIS OF THE SOUL

THE MACHINERY OF THE SOUL

PART 5

SYNTHESIZING SOUL

“With patience ye shall possess thy souls.”

Jesus, Luke 21:19

Synthesis

1. the production of a substance by the union of chemical elements, groups, or simpler compounds or by the degradation of a complex compound
2. the dialectic combination of thesis and antithesis into a higher stage of truth

SOUL SYNTHESIS

The soul of the human being is alchemically synthesized through the advantageous use of diverse physical, sexual, psychological, and spiritual reactants within our Being.

COMPOSITION OF THE BEING

Logos

- Christ, Zero Aster, Glorian
- Fundamental forces of Creation

Spirit

- That Which Already Is
- Innermost, Atman, Monad

Soul

- That Which Must Be Acquired
- Triumphs or Fails, Ascends or Descends

Physicality

- Final Receiver of All Elements and Forces
- The Alchemical Crucible, The Laboratory

TURNING OF THE JORDAN

The ocean is a generation of gods and generation of men ever whirled round by the eddies of water, at one time upwards, at another time downwards. There ensues a generation of men when the ocean flows downwards; but when upwards, a generation of gods takes place. This is that which has been written: I said, You are gods, and all children of the highest; If you hasten to fly out of Egypt, and repair beyond the Red Sea into the wilderness, that is, from earthly intercourse to the Jerusalem above. If, moreover, again you return into Egypt, that is, into earthly intercourse, you shall die as men.

For mortal is every generation below, but immortal that which is begotten above, for it is born of water only, and of spirit, being spiritual, not carnal. But what (is born) below is carnal: That which is born of the flesh is flesh, and that which is born of the spirit is spirit. (John 3:6)

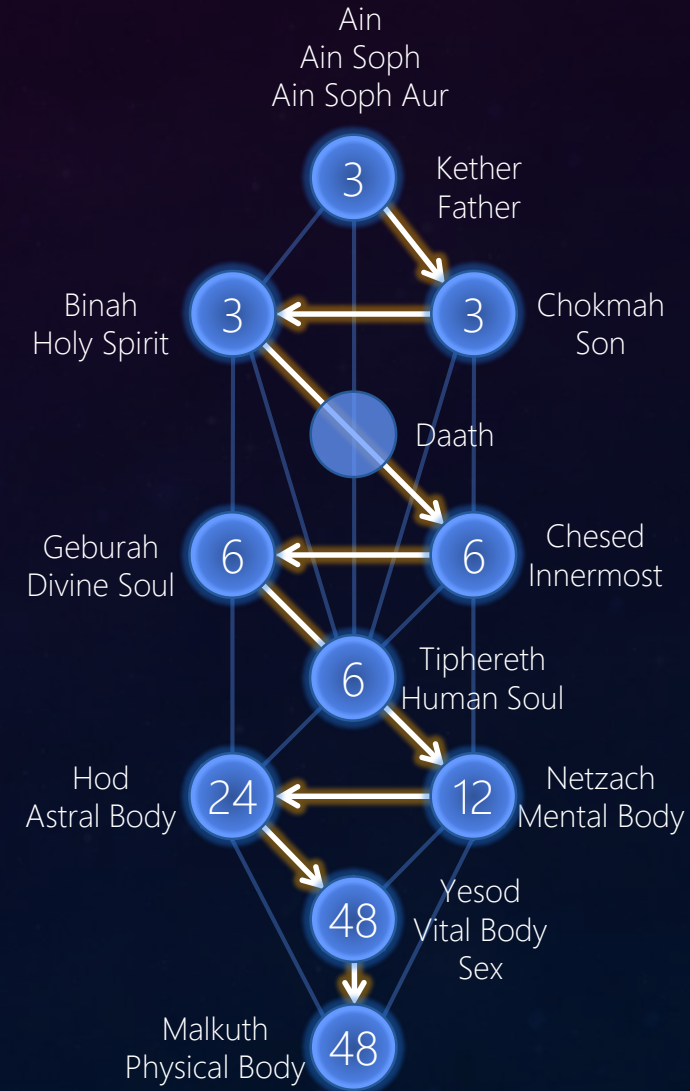

This is the spiritual generation. This is the great Jordan (Joshua 3:7-17) which, flowing on (here) below, and preventing the children of Israel from departing out of Egypt — terrestrial intercourse, for Egypt is the body — Jesus drove back, and made it flow upwards.

Hippolytus, *Refutation of All Heresies*, 5, 4, paraphrased, describing the doctrine of the Naasseni Gnostic sect.

TRANSFORMATION OF ENERGY

SYNTHESIZING AND NOURISHING THE BODIES

IAMBlichus: FIRE SACRIFICE

Sacrifices through fire [...] is a bringing upward to the divine, celestial and non-material fire. [...] All is burned and utterly consumed, and is changed into the pure and tenuous substance of fire. [...]

The characteristics in us become like the gods in the same manner as fire transforms all hard and refractory materials to luminant and tenuous bodies. They likewise lead us upward, by the sacrifices and sacrificial fire to the fire of the gods in the same way that fire rises to fire. [...]

It purifies the things that are brought to the fire, releases them from their bonds in matter, and likewise renders them, through its purity of nature, fit for the commonalty of gods. It also, through these changes, releases us from the bonds of generated existence, makes us like the gods, and likewise renders us fit for their friendship, and our material nature near to the non-material essence. [...]

As it belongs to another subject, we omit the explanation in detail in respect to each form of sacrifices which the peculiar reason in respect to the rites requires. Nevertheless, any person who is well endowed will be able, from what has been said, to extend his understanding from one subject to many, and cognize quickly from these the things which have been passed over in silence.

SPIRITUAL MARRIAGE OF SEXUAL ALCHEMY

The water of our Chaos unites the most diverse principles, with the condition that they first have to be dissolved in the semen [sexual energy of man or woman] — in other words, into the water of which we are made.

This Chaotic union is eternally inseparable.

The first teaching that Christ, the divine Rabbi of Galilee, gave us was to transmute the water into wine.

The first teaching of our divine Master was sexual alchemy.

At the nuptial wedding of Cana, Christ transmuted the water into wine.

The first teaching that the divine Master gave us was sexual alchemy, when he opened the path of initiation for all human beings.

Samael Aun Weor, *Treatise of Sexual Alchemy*
